

## International Convention Alcoholics Anonymous

July 2–5, 2020 | Detroit, Michigan

Love and Tolerance Is Our Code • Amour et tolérance, voilà notre code • El amor y la tolerancia son nuestro Código

December 19, 2019

Dear friends,

We are happy to announce the next phase of our NetSuite deployment: My Portal. Let me say right off, it is still a work-in-progress, but our teams are “on it” and have made great strides to take us this far. Upon its completion, My Portal will offer Area Registrars direct access into the NetSuite System, providing up-to-date information and reports on-demand. Ultimately, Registrars will be able to make Fellowship Changes directly in NetSuite which will greatly speed up all our work.

As you know, we shut down the Fellowship New Vision (FNV) data base back in October to refine the data and correct migration errors. But now the development effort for this project is fully underway, and we will launch My Portal in multiple stages beginning in January 2020—targeting final deployment in March 2020. This deployment approach will enable A.A.W.S. to ensure that Registrars receive the appropriate training, documentation and guidance.

The first stage of deployment will enable Registrars to view all of their Areas’ data and run reports. Training for this first stage will begin in early January. You will receive an email next week inviting you to join one of three training sessions that will be offered via Zoom video conferencing service. Those training sessions will be supported by a new user-friendly Instruction Guide.

We will be announcing more specific plans to roll out the remaining capabilities as we get closer to the dates. Please stay tuned! We are most grateful for your ongoing patience, cooperation and support as we continue to improve the Fellowship's access to information.

Yours, in service,

*Greg*
